Parts and Repair Ordering System (PROS)

Program Office

The intent of this user guide is to provide a point of reference for customers. If there are any issues/concerns with the content, please contact the PROS MIS Lead (Tracy Carson).

1: Using AFSAC Online (<https://afsac.wpafb.af.mil/>), select *PROS Information* to access the drop down menu. Then select *PROS Applications*.

The screenshot shows the AFSAC Online website interface. At the top, it reads "AFSLCMC/WF Air Force Security Assistance and Cooperation (AFSAC) Directorate Wright Patterson AFB, Ohio 45433". On the left is a navigation menu with categories like "AFSAC Online Links", "Application Links", and "Financial Applications". Under "Financial Applications", the "PROS Applications" link is circled in red. The main content area features the Air Force LCMC logo and a "SCHEDULED OUTAGES-->" section. Below that, there are several bullet points and a paragraph of text, including a note about business applications: "Business applications (Use the navigation links on the left to access the business applications)".

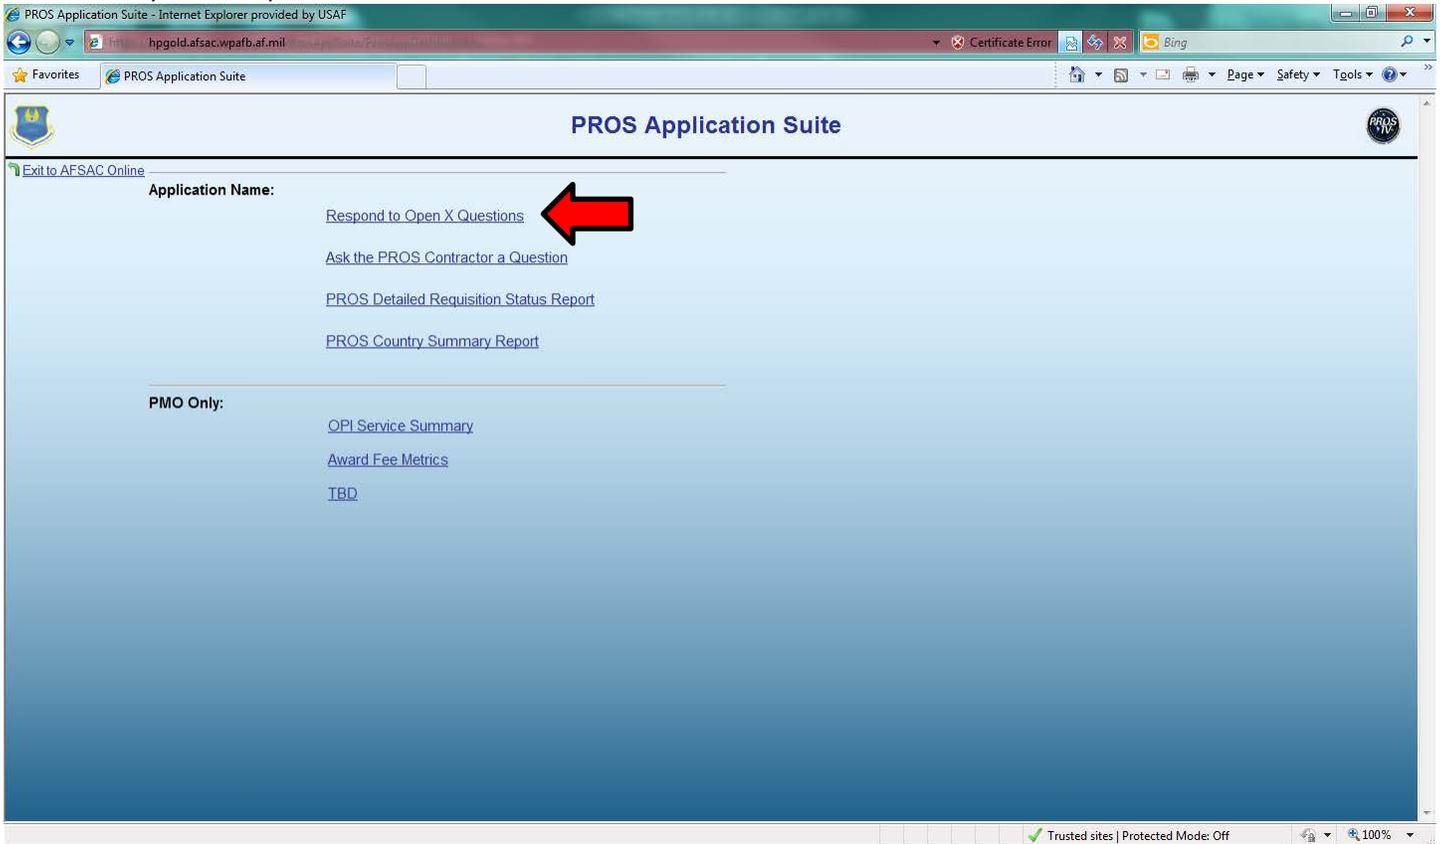

1a: Users will be directed to the *PROS Application Suite Dashboard*. Users can access some of the PROS Applications.

Note: Certain Applications are only available to the PROS PMO.

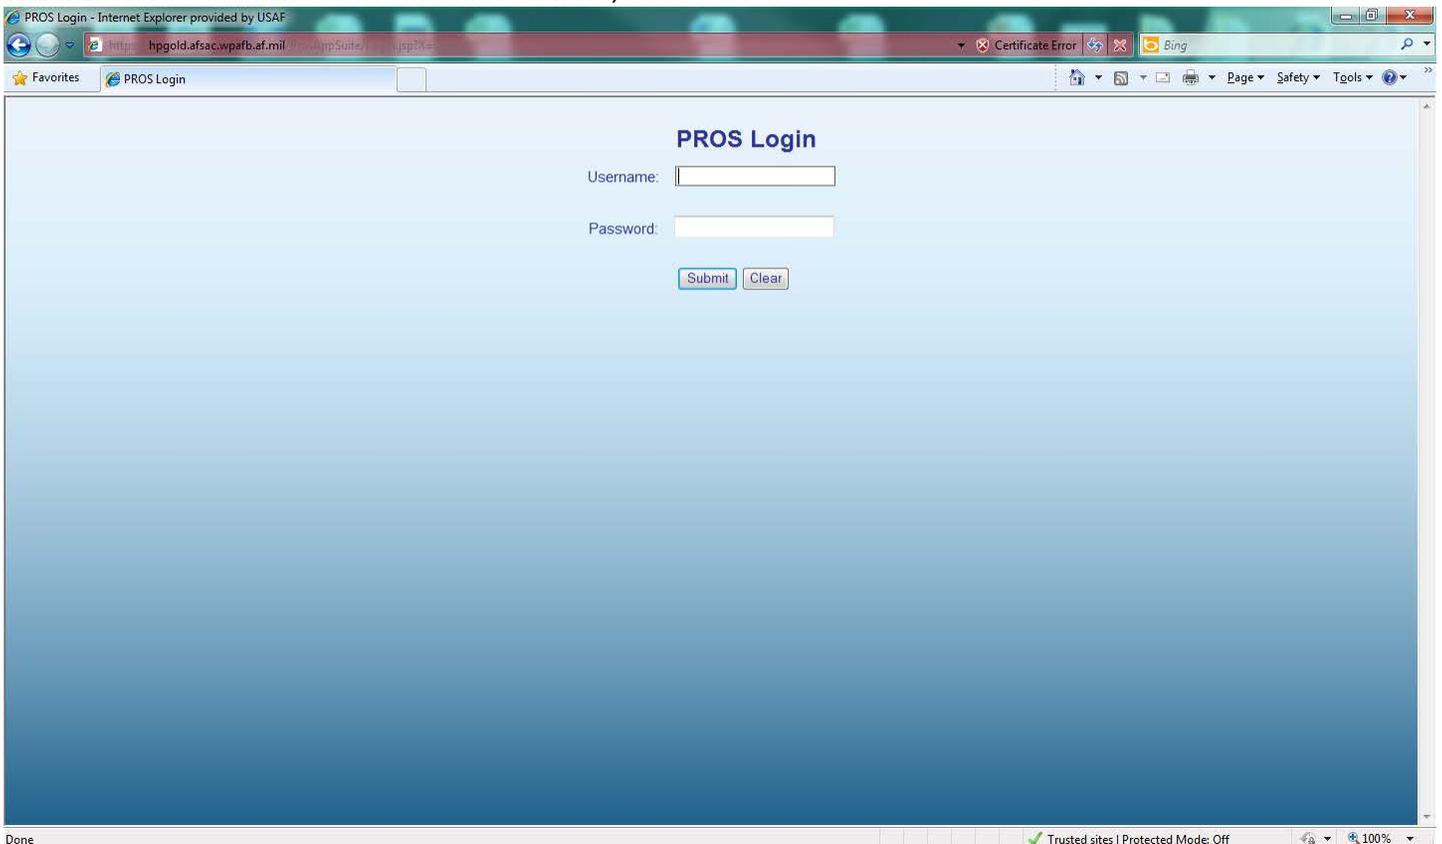

The screenshot shows the PROS Application Suite dashboard. It has a header with the "PROS Application Suite" title and a logo. Below the header, there is a section titled "Application Name:" with several links: "Respond to Open X Questions", "Ask the PROS Contractor a Question", "PROS Detailed Requisition Status Report", and "PROS Country Summary Report". Below this, there is a section titled "PMO Only:" with links for "OPI Service Summary", "Award Fee Metrics", and "TBD". The background is a light blue gradient.

PART I: Responding to Open X Questions

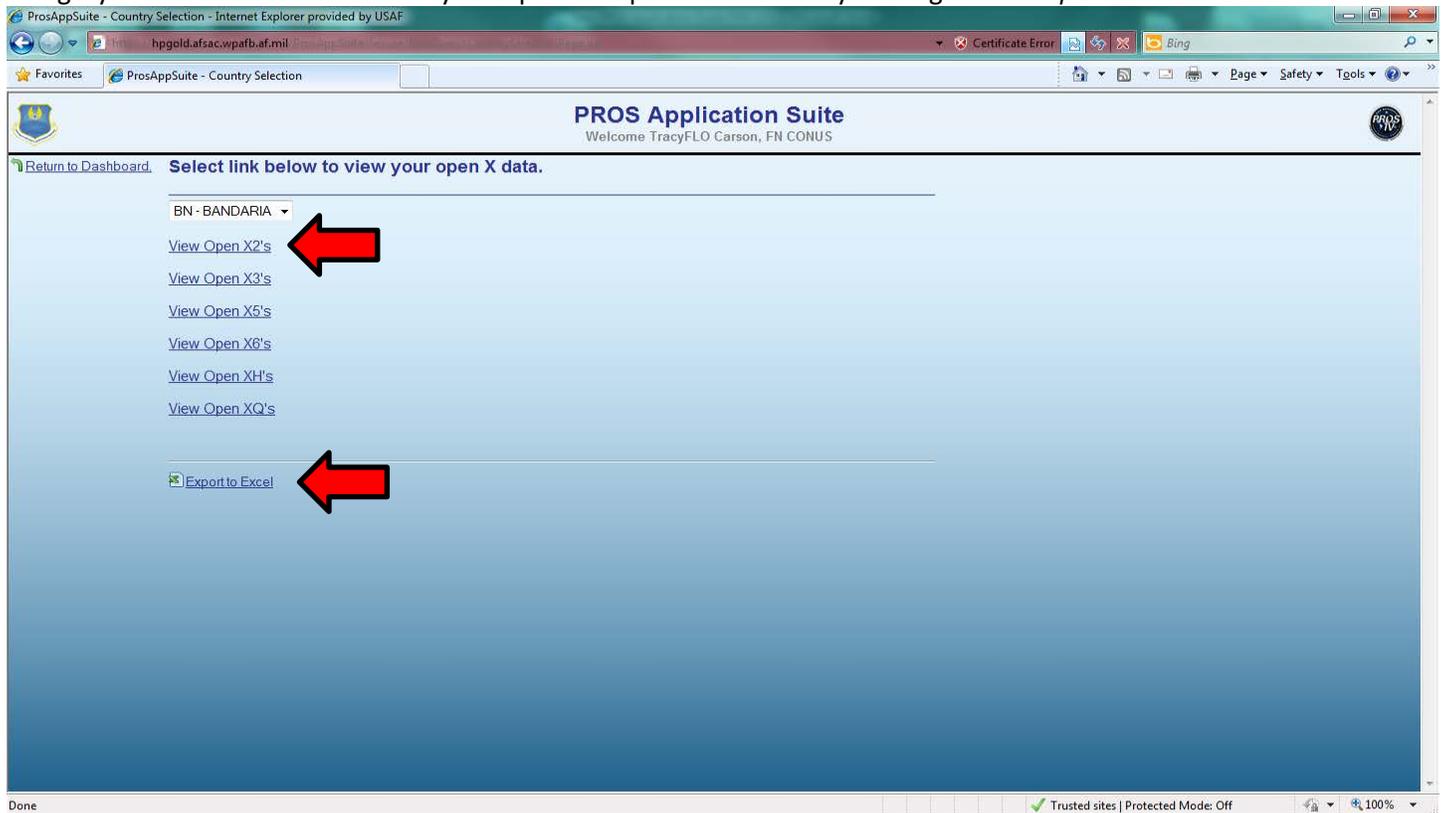

2: Select *Respond to Open X Questions*.

2a: Enter AFSAC Online Username and Password, select *Submit*.

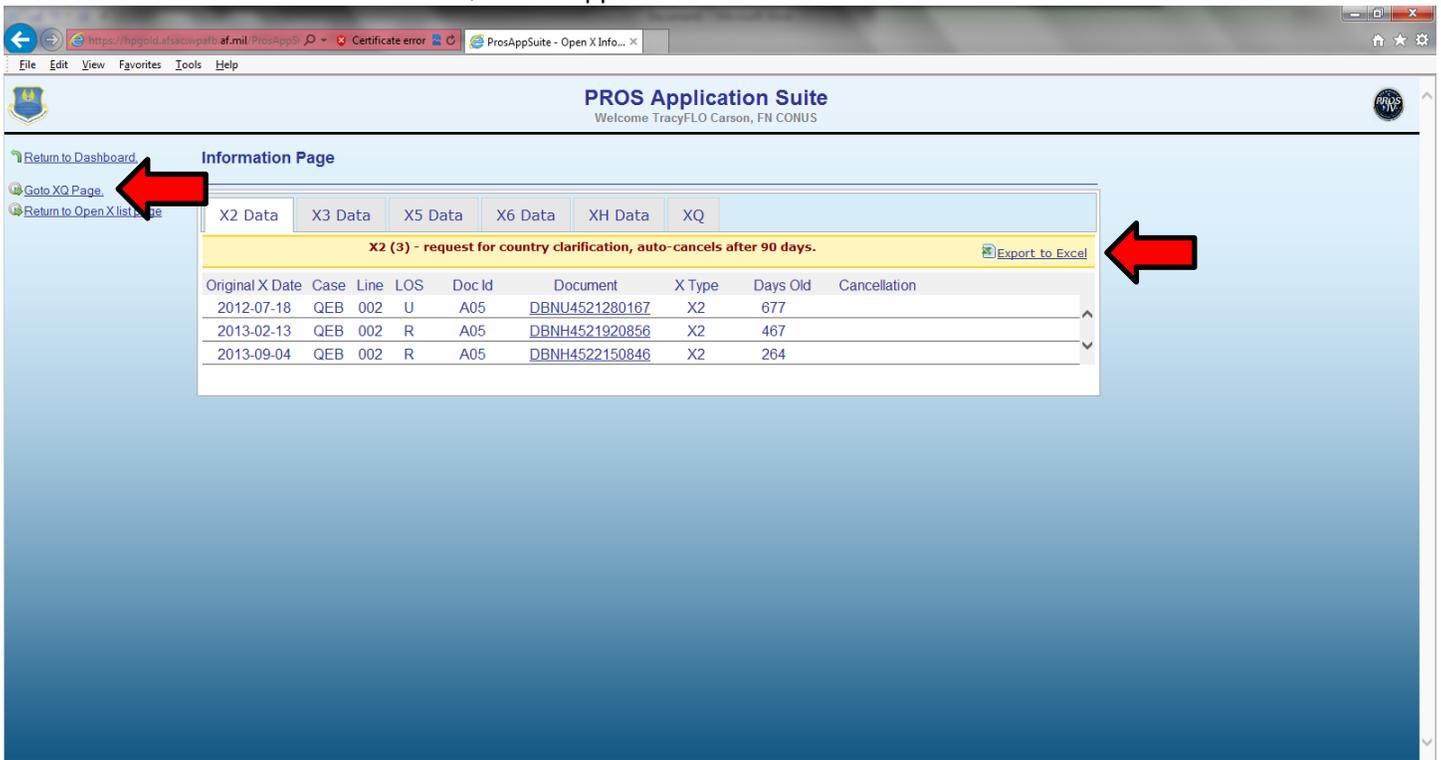

3: Links to Open X's categories are displayed based on what X Questions remain unanswered. Select an Open X category. **Note:** Users have the ability to export all Open X's to excel by clicking on the *Export to Excel* button.

3a: A list of requisitions will be displayed that require a response by the customer. Document Numbers are listed based on the Days Old in descending order. **Note:** Users have the ability to only export the documents listed on each individual Open X tab to excel by clicking on the *Export to Excel* button. Users can also select the link *Goto XQ Page* to access the *Ask the PROS Contract a Question Application*.

Sample *Export to Excel* Report for X2s only:

3b: Each Open X category has a tab. Customers can move between the categories by selecting the different tabs.

The screenshot shows the PROS Application Suite interface. The browser address bar displays <https://hpgold.afsac.wpafb.af.mil/ProsAppSuite/Secure/ProsOpenXListPage.jsp?X=X2#tabs-6>. The page title is "PROS Application Suite" with a subtitle "Welcome TracyFLO Carson, FN CONUS". On the left, there are navigation links: "Return to Dashboard", "Goto XQ Page", and "Return to Open X list page". The main content area is titled "Information Page" and features a tabbed interface with tabs for "X2 Data", "X3 Data", "X5 Data", "X6 Data", "XH Data", and "XQ". The "XQ" tab is selected, and a red arrow points to it. Below the tabs, a yellow banner displays the text "X5 (3) - waiting on country price approval, auto-cancels after 60 days." and an "Export to Excel" button. A table below the banner lists the following data:

Original X Date	Case	Line	LOS	Doc Id	Document	X Type	Days Old	Cancellation

Submit Response Cancel Requisition

5a.1: Once the user selects *Submit Response* or *Accept*, the Document Number will no longer appear on the list.

5b: **Submit a cancellation request:** If customer does not accept the price, alternate part number, termination charges, etc., select *Cancel Requisition*.

5b.1: A dialog box will appear stating, "Click OK to stage the cancellation of this requisition."

5b.1.1: Customers selects *OK* to continue with the cancellation; which will automatically post a SAMIS narrative stating “Customer has requested that this requisition be cancelled”, along with an AC Cancellation and close the Open X. Customer will be directed back to the list of Document Numbers, but will now see “Pending” under the Cancellation column. Any Document Number with “Pending” can no longer be selected.

The screenshot shows the PROS Application Suite interface. The page title is "PROS Application Suite" with a subtitle "Welcome TracyFLO Carson, FN COMUS". The main content area is titled "Information Page" and contains a table with tabs for X2 Data, X3 Data, X5 Data, X6 Data, XH Data, and XQ. A yellow banner above the table reads "X5 (2) - waiting on country price approval, auto-cancels after 60 days." with an "Export to Excel" button. The table has columns: Original X Date, Case, Line, LOS, Doc Id, Document, X Type, Days Old, and Cancellation. The second row shows a document with a "Pending" status in the Cancellation column, which is pointed to by a red arrow.

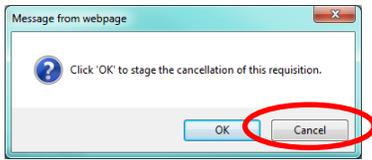

Original X Date	Case	Line	LOS	Doc Id	Document	X Type	Days Old	Cancellation

2012-07-19	QEB	002	U	A05	DBNU4521280167	X5	676	

5b.1.2: Once customer selects *Cancel* to abort the cancellation request:

A dialog box will appear stating "Cancellation Rejected".

5b.1.2.1: Once the customer selects *OK*, the requisition will remain on the Open X list until action has been taken to provide a response or cancel the requisition.

6: Customer has the following options for X6s:

6a: If the requisition is a Supply (A01/A05) or Maintenance (COR) and the X6 is for termination charges, customer will have the option to either *Accept the Termination Charges* or *Proceed with Contract Award*. Both options will post the R6 status code and narrative in SAMIS, status code and narrative will automatically be staged and passed to the PROS Contractor overnight. **Note: Customer responses are limited to a single page of narrative.**
